KD Leka Parent / Neighborhood

Contact Phone: 303 499 0158 Contact Email: leka@nwra.com

Contact Address: 2790 Carnegie Dr, Boulder, CO 80305

Principal's Signature See letters of support Date: _____

Primary Contact Signature [Signature] Date: 30 Oct 2012

Proposal Form Submittal Checklist

- ☐ Cover page is this completed Contact Information Sheet
- ☐ Provide responses to section 1 and 2 outlined on page two of this form.
- ☐ Include a contact list of staff, administrators, parents and other local partners associated with the school and committed to assisting with the Safe Routes to School project outlined in this proposal.

A hard copy or electronic copy of a completed Proposal Form must be delivered by 4 p.m. on or before Tuesday, Oct. 30, 2012 to:

Marni Ratzel
Bicycle / Pedestrian Transportation Planner
Go Boulder - City of Boulder
PO BOX 791
1739 Broadway - 2nd Floor
e-mail: ratzelm@bouldercolorado.gov

Section 1: Existing Conditions –

What is the problem. (Maximum 1 page narrative, plus attachments)

- What are the current risks and/or obstacles (physical or perceived) to walking and/or biking to and from your school site(s), including children with disabilities? *see attached*
- Complete the following chart for schools affected by proposal:

Example Chart

School	Population	Grades	Demographics*	# Walk	# Bike	% 2-miles	Busing Distance	# Benefit	% F/R Lunch
1	560	K-5	B33% C30% L33% O4%	84	11	54%	1m	336	37%
2	434	K-5	A1% B27% C49% L23%	65	8	47%	1m	260	14%
3	801	K-8	n/a	120	32	50%	2m	240	57%

*A-American Indian, B-Black, C-Caucasian, L-Latino, O-Other, or specify with note

School	Population	Grades	Demographics	#Walk	#Bike	% 2-miles	Bussing Distance	# Benefit	% F/R Lunch
			<i>see attached</i>						

- Describe any existing programs at the affected school(s) that educate or enhance walking or bicycling to school. This should be completed by the principal of the school and include information pertaining to any:
 - Walking/biking/safety curriculum taught by the school and at what grade levels
 - Frequency of and participation in Walk to School/Bike to School events
 - Programs taught by those outside the school (police, fire, bicycle organizations, etc.)
 - Crossing Guard programs

SECTION 2: Tell us about your project.

How do you propose to help solve the problem identified in Section 1? (Maximum 1 Page)

- What is the project?
- Describe how your project will change the built environment.
- How will it address the identified participation and safety problems in section 1? How will you ensure these efforts are sustainable? In other words, how will your Safe Routes to School efforts/education continue in the school(s) and community once construction is completed?

Sustainability Examples:

- Ongoing data collection regarding student participation in bicycle and walking programs for use in annual reports, school webpages, and SRTS project evaluation after completion of the project
 - Establishment of wellness committees or SRTS teams
 - Yearly train the trainers
 - Integration of bicycle and pedestrian lesson plans in core subjects. (See CDOT Website)
- Describe the encouragement/educational component of your project.
 - How will you collaborate with the school to ensure parents will encourage the children to bicycle and/or walk?
